The program for the April 25th program will feature Robert Trimmell from Tyler showing us "From the Log to the Bowl".

Robert will start off with a Cherry log and then use his chain saw to prepare it to make a bowl blank. He will show the techniques he uses to decide how to prepare the blank and the reasons for his choices. After the chain saw has done its work, he will mount the bowl blank on the lathe and then proceed to turn the freshly cut block of wood into a finished bowl right before your eyes. If you have never turned a bowl that started out as a log instead of a block of wood that you bought from a woodturning supply store, you may be delighted to learn how you can have complete control of the whole process from the beginning to the finished project, sometimes at no cost to you.

Good
Shavings

The older I get the faster the years pass. Here we are well into 2013 and it has already been a busy year for WNTx volunteers. We started with fine arts day hands-on workshops at two elementary schools. Then came Rockler demos, Empty Bowls Luncheon, Mike Mahoney all day demo, and 5 days of hands-on classes... and that is just the first 4 months. Along with these came several days of preparation. Assembling candle stick and spinning top blanks, cutting mega-wood blocks for Mike Mahoney, and moving lathes for his classes kept the volunteers huffing. All of these were accomplished by about 12% of the club members. It may sound like 'WORK', but at the same time you develop a lot of camaraderie with fellow turners and it is actually fun. I know that it is difficult for those that are not retired to support some of our activities but I would like to see a much larger percentage participate.

I had the good fortune to attend the 2013 Empty Bowls Luncheon last month. It was quite impressive. There were hundreds of attendees and hundreds of pottery bowls and about 150 WNTx donated wooden bowls. Each attendee paid a minimum of \$45 to get in and receive a basic bowl. Additionally there were "bump up" tables with better quality bowls at \$20 and \$100 each. We had several bowls in the \$20 category and two in the \$100 and all sold. There were also turned writing pens and three segmented kitchen rolling pins. Our club members, who received free admittance, demonstrated making spinning tops. We were also quite adept at eating soup and snacks from some of Fort Worth's finest restaurants. You will be hearing more about the Empty Bowls program this year as we make every effort to far exceed 2012's donations.

Making Good Shavings ... (continued from page 2)

Be sure to turn in your applications next week for the free SWAT registrations.

There are more activities to come, so when the opportunity presents itself, volunteer. You won't regret it.

GLYNN COX

Surface Decoration With Woodburning ... (continued from page 1)

Robert Trimmell began woodturning at Oklahoma Panhandle State University in the early 1970s. Life happened, he married an East Texan, and moved to East Texas, where he found an abundant supply wood! He and his wife Dolly built a home on Lake of the Pines. He bought a Shopsmith to build the house and started his woodturning hobby that became his passion. He joined East Texas Woodturners many years ago. He enjoys teaching at Studio 190 in Lone Star, TX.

Last Month's program

Jimmy & Barbie Holton presented a program about surface decoration with woodburning and wood dyes and paints.

“Bring-Back” Drawing Winners

Don't forget that if you were a winner of any item in the previous month's drawing, you are obligated to bring a replacement item for the "Bring Back" drawing the following month. You can see the "Making Good Shavings" column in the March 2009 newsletter for updated guidelines on the "Bring Back" drawing. Winners of any turned item should bring back a replacement turned item of their own creation to the next meeting and winners of any other item such as tools or wood are encouraged to also bring a turned item that they have created in lieu of a non-turned item. If you have fallen behind in bringing a replacement item for the "Bring Back" drawing, now is the time to make up for any items that you owe.

WINNER	ITEM	DONOR
=====	=====	=====

Please bring a replacement item if you have been a winner and have not been able to provide your item yet.

Mike Mahoney Was Here

Mike Mahoney, the world famous bowl turner who now lives in California, came to the Woodturners of North Texas on April 6th for an all-day demonstration. He stayed for five more days of hands-on classes in which 30 class openings were filled by 28 club members of the WNT. The classes included instruction about fundamental turning, hollow forms and hand chased threads, plates and platters, coring and nested bowls, and calabash bowls.

In order to prepare for Mike's visit with us, several teams of WNT members spent quite a number of hours

chain sawing wood blanks for the classes, moving lathes, providing turning accessories and hosting Mike both day and night. Those involved in preparing the way for the most successful woodturning event of the year in alphabetical order were: John Chandler, Bob Clark, Glynn Cox, Jimmie Gill, John Horn, Sandy Jerrell, John Luderbaugh, Ronny Nuzum, Ron Schiller, Paul Tiefel, and Bob Wiggins.

To help us by loaning us their lathes were: Jeff Allen, Bob Clark, Kenneth Diehl, Jimmie Gill, and Flip Richardson.

Other pieces of turning equipment were loaned by Glynn Cox, Mike Jones, Jim Tanksley and Bob Wiggins.

Our thanks go out to all that generously helped us make this event run smoothly and successfully.

Beads of Courage

Beads of Courage is a nationwide-wide program to provide motivation and encouragement to youngsters by recognizing significant milestones in children's progress through the treatments necessary in their fights against illnesses like cancer, heart disease, burns, etc. You can view the full Beads of Courage story at [Beads of Courage](#) .

Beads of Courage started at SWAT in 2010 as the inspiration of the good folks at Wood World, and owner Craig Fyock in particular. This is a project done almost entirely by the **SWAT** Vendors with attendees contributing boxes for a contest. After **SWAT**, the boxes are donated to [Beads of Courage](#) to be distributed to the kids. The Vendors solicit for the prize fund and do the judging of the entries. For details go to the **SWAT** website at <http://www.swaturners.org> under Symposium Information/Beads of Courage.

The response from the turners presenting boxes was outstanding in 2012 with 109 pieces being donated. Perhaps most significant is that we believe this was the single largest contribution of boxes in the history of the Beads of Courage program!
