My demonstration will be over shop-made sanding tools.

During my 30 year career in public health, I moved across Texas from Jasper to Lubbock with stops at Nacogdoches and Abilene, retiring in 2001. In the 1990’s I also operated a home building business as a second job. Retired, I began doing woodworking, finding woodturning at a demonstration by the South Plains Woodturners at the Lubbock Arts Festival. I was hooked on turning and on the South Plains Woodturners club.

I turn on a Powermatic 3520B and Ricon demo lathe. Since 2009 I have been the editor of Revolutions, our club newsletter. I also serve as Immediate Past President. My other job is as Registrar for SWAT 2013.

My turning preference is boxes, followed by bowls.
... making Good Shavings

- I know I have trouble putting names to faces, and a directory with only names does not help much. In order to help all of us a new club directory is in the making. With names, addresses, phone numbers, emails and yes, photographs of everyone we can. Paul Tiefel and Mary Clark will be taking photos at both the July and the August meetings. Please, please get your photo taken and verify your information. If you have a club shirt please wear it. If you don’t, no problem, get your mug shot anyway.
- On a different subject, the vote we had last club meeting concerning a juried show indicates that there would not be adequate participation. Therefore this event has been canceled.
- If you were at the June meeting you could not have missed the audio problems we had. To eliminate the interface problems in the future, we will now be using our two amplified speakers. We are also working on making the speakers wireless.
- We have been talking about the number two club event of the year for several months now. I say number two because SWAT is only surpassed, in my opinion, by our club’s spring nationally recognized demonstrator and hands on classes. At SWAT, our club sponsors the Brazos South demonstration room and we need some more members to be hosts. This is a very easy task as all you have to do is introduce the demonstrator and act as gopher if needed. No furry coat or hole digging required. It is a good chance to meet Jimmy Clews and other great demonstrators first hand. Check the rotation schedule at www.swaturners.org, pick your time and please sign up with Bob Clark, our SWAT coordinator.
- While you’re at SWAT be sure and checkout the Instant Gallery. Several of the 800 turnings will be from our club members. Our club is also well represented with at least three entries in the prestigious special Gallery Raffle.
- See you Thursday and be safe. We don’t want another safety coordinator.

### “Bring-Back” Drawing Winners

Don’t forget that if you were a winner of any item in the previous month’s drawing, you are obligated to bring a replacement item for the “Bring Back” drawing the following month. You can see the “Making Good Shavings” column in the March 2009 newsletter for updated guidelines on the “Bring Back” drawing. Winners of any turned item should bring back a replacement turned item of their own creation to the next meeting and winners of any other item such as tools or wood are encouraged to also bring a turned item that they have created in lieu of a non-turned item. If you have fallen behind in bringing a replacement item for the “Bring Back” drawing, now is the time to make up for any items that you owe.

Want to help make a sick child's day?

**Beads of Courage**

turned boxes, donated by attendees will do just that!
The boxes will be judged for prizes,
but more important,
they will be distributed to hospitals within the region for seriously ill children undergoing treatment.

**Beads of Courage** is a nationwide-wide program to provide motivation and encouragement to youngsters by recognizing significant milestones in children's progress through the treatments necessary in their fights against illnesses like cancer, heart disease, burns, etc. You can view the full Beads of Courage story at Beads of Courage home page at [http://www.beadsofcourage.org/](http://www.beadsofcourage.org/)

**Beads of Courage** started at SWAT in 2010 as the inspiration of the good folks at Wood World, and owner Craig Fyock in particular. This is a project done almost entirely by the SWAT Vendors with attendees contributing boxes for a contest. After SWAT, the boxes are donated to **Beads of Courage** to be distributed to the kids. The Vendors solicit for the prize fund and do the judging of the entries. For details go to the SWAT website at [http://www.swaturners.org](http://www.swaturners.org) under Symposium Information/Beads of Courage.

The response from the turners presenting boxes was outstanding in 2012 with 109 pieces being donated. Perhaps most significant is that we believe this was the single largest contribution of boxes in the history of the Beads of Courage program!
Want to display some of your fine work?

The symposium will be held the weekend before the August meeting. Therefore, there will not be any “more to follow in upcoming newsletters”. I will try to include some highlights from the symposium in the next newsletter, time allowing.
