Christmas Ornament by Darryl Jones

Hello my name is Darryl Jones, founder of Dread Knot Woodshop. I am a woodworker, woodturner, content creator, and instructor. I believe that everyone can create beautiful works with a little guidance and time invested. I have been enjoying the craft of

woodturning for many years now. Some of my favorite projects include hollow forms, finials, and lidded boxes but I am prone

to take a shine to new and exciting challenges.

I have been fortunate enough to work with several vendors in roles such as a brand ambassador, instructor/demonstrator, and

part of product development teams. Among these vendors are Nova Teknatool, Easy Wood Tools, Rockler, Woodcraft, Starbond, and most recently Robert Sorby.

I have demonstrated at various events including woodturning symposiums in the vendor area, I aspire to participate in the rotations one day soon. I look forward to providing an informative demo for you club! Until then, Dread Knot and Make Something!

President's Pen for September, 2020

Greetings to all from my house to yours. Pray you are all safe and healthy.

Three major things going on -

Dues increase - it has been close to 20 years since dues have increased. Expenses continue to creep upward. I hope you will vote in favor of the increase.

Nominations for the upcoming election - This organization does not run all by itself. It takes a caring board and a caring membership to make it work. The nomination committee has come up with a list of those willing to serve in an official status. It also takes others. Lots of people to set up and take down chairs, help with the a/v set up. Someone to photograph the critique items and the challenge pieces and to photograph the turners. Empty Bowls and Beads of Courage. Elementary school art days, etc. If you are interested in serving on the board please let us know or get someone to nominate you for a position.

Need your input - Every month only 40-50 show up via ZOOM. That is about one quarter of our membership. Please let me know if you are one of those who does not sign in. WHY? You don't like the virtual format? You don't like the demonstrators we have scheduled? You don't plan to return until we can meet again in person? Or some other reason? Would love to hear from you. My contact info:
email whc6845@yahoo.com cell 817-797-6715.

I hope you have been turning. Still cleaning out my shop one piece at a time. Lots of turning pieces just waiting to being exposed to what's inside.

Also, lots of virtual opportunities to perfect your skills or try something new and different.

Be Safe.

President**

SHOP TALK

September, 2020

A Four Letter Word

In our September Zoom meeting I will briefly discuss a problem that plagues us all... **RUST** ! I am not talking about the chunky kind but the surface product that is the result of green wood, temperature inversions and beer cans. I will show how I remove it and protect my tools against surface rust.

I hope in future meetings to be able to bring other insights into lathe, tool and shop maintenance issues. If you have a topic that you would like for me to cover in a future meeting, call or e-mail me and let me know what you would like advice on.

ANCHORSEAL IS NOW AVAILABLE

Thanks to James Boyett, David Wilson, and Michael Stephens, Anchorseal is now available for WNT members.

James and David took delivery of a drum of Anchorseal and transferred it to gallon jugs.

Michael Stephens is providing a space in his garage to store and dispense the jugs. He lives at 2223 Southcrest Dr., Arlington, TX 76013. Call him at 817-707-3418 to arrange for pickup.

The new price, including tax, is \$15 per gallon.

You are requested to pay by check so Michael can deposit the proceeds into the WNT bank account. Chase Bank will not accept cash deposits to a business account from a person who is not a signer.

Because we barely break even at this price the product is for WNT members only, and we ask that you limit your purchase to two gallons at a time. If you have sturdy empty gallon jugs bring them for exchange. Please make sure your exchange jugs have been washed inside and out.

Beads of Courage Program

This program is designed to support, strengthen and encourage children and families coping with serious illness. The program lets the children tell their story using colorful beads as meaningful symbols that commemorates milestones they have achieved along their treatment path. The average child gets 500 beads. The Woodturners of North Texas is taking on the challenge again this year.

Requirements

The lidded box/bowl interior diameter should be 6" (5" minimum diameter, 6" depth, 4" minimum). The lid should have a finial/knob that is easy for a child to grasp and not too elaborate. The 'Beads of Courage' logo bead to be placed inside or outside will be available at the meeting or can be mailed to you upon request. The "Beads of Courage" inscription can also be engraved or burned in the lid and can be placed inside or outside of the lid (no political or religious undertones are accepted). Customarily your box or bowl will be taken to SWAT and displayed along with the others from the club. Your thanks is knowing a very ill child is getting something that will help them through difficult times.

Please visit the Beads of Courage website at [http://www.beadsofcourage.org/resources/images/2018 AAW handout-guidelines.pdf](http://www.beadsofcourage.org/resources/images/2018_AAW_handout-guidelines.pdf) for finish suggestions and other details on ways to also contribute. The workmanship and finish should be in keeping with WNTx standards.
